

South Rampart Pharma, Inc.
SRP-001
<http://southrampartpharma.com>

First-in-class non-opioid analgesic

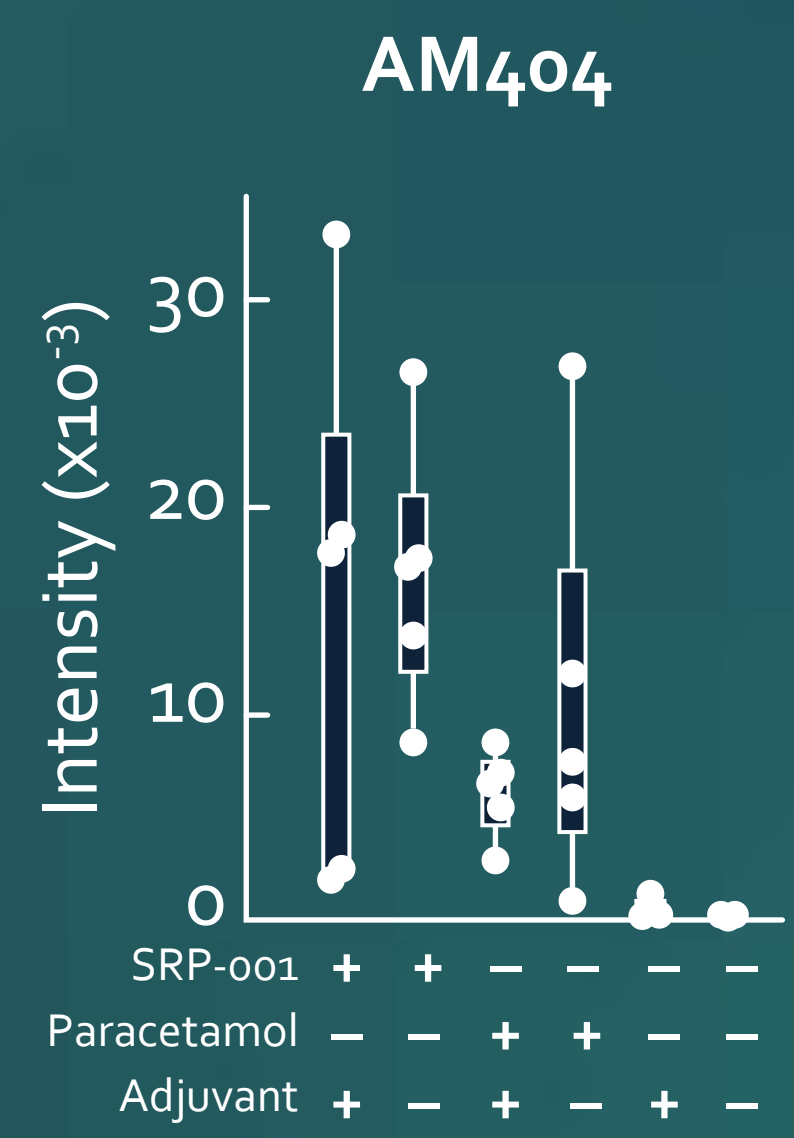

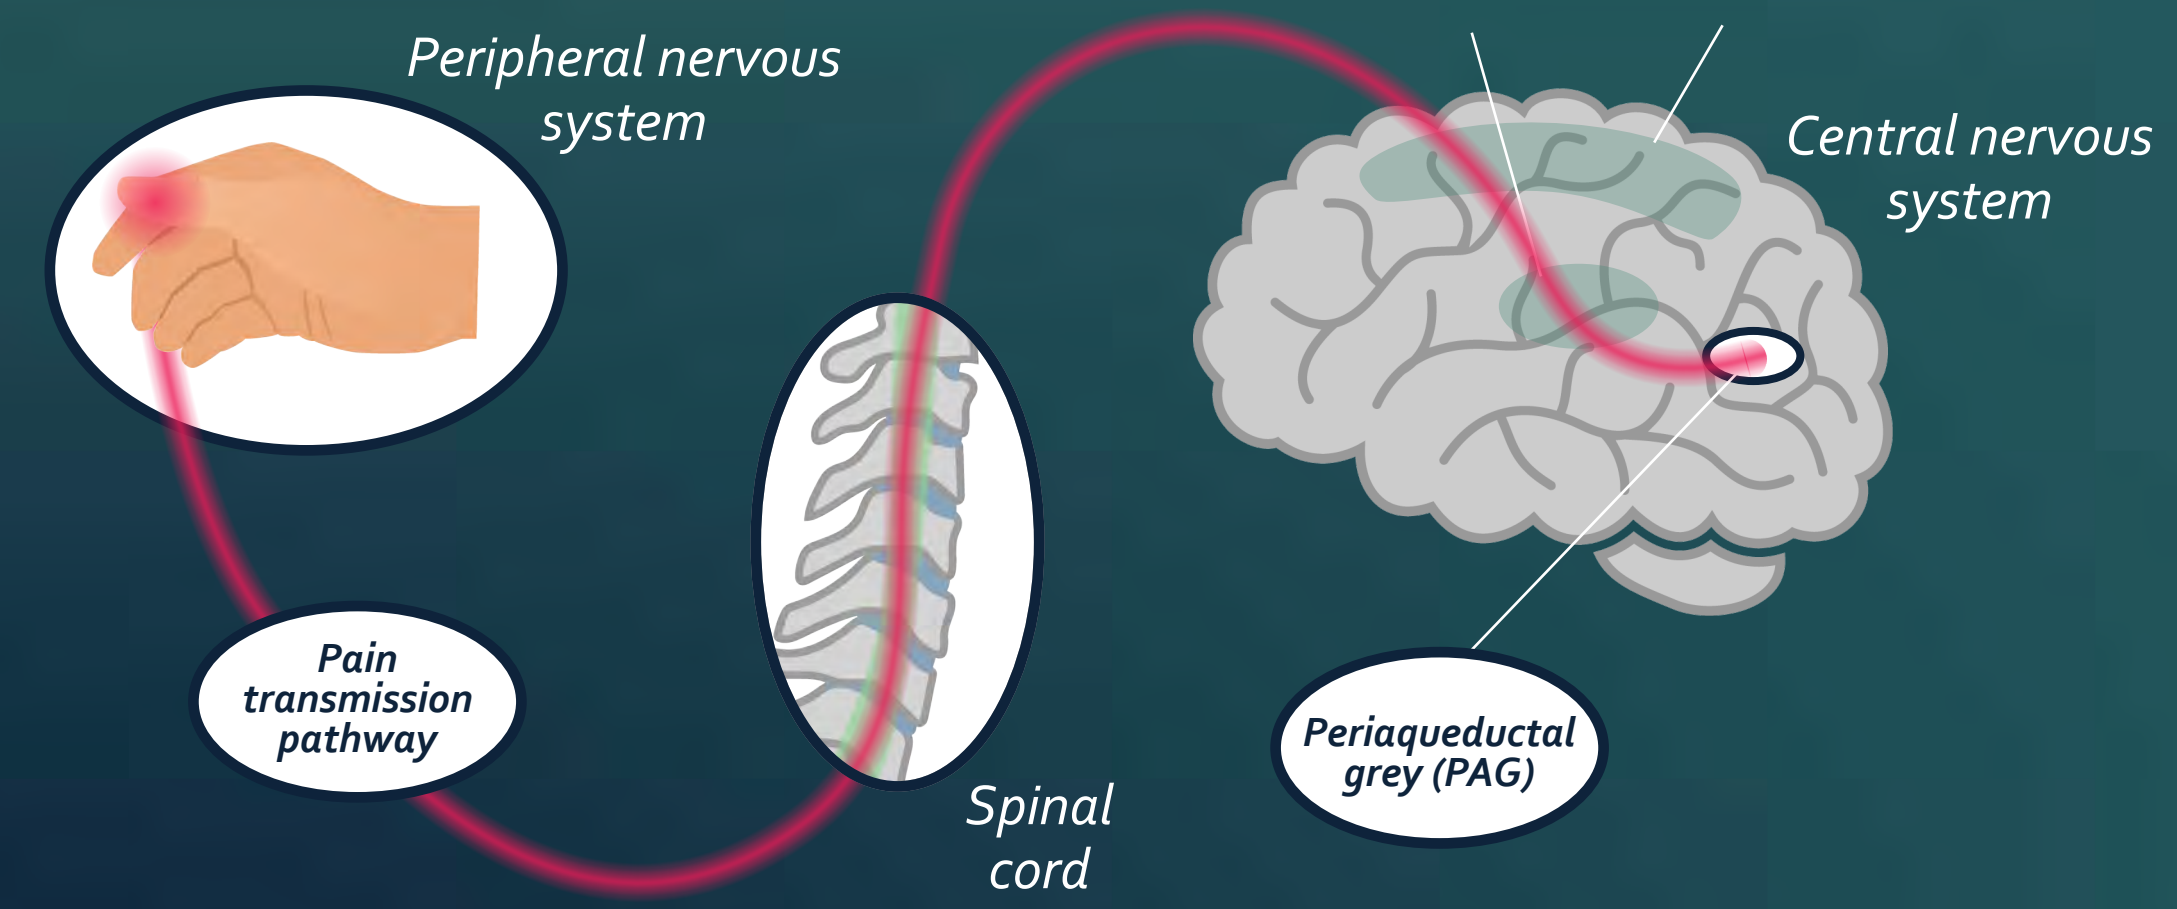

- Phase 2-Ready in:
- 1) Acute/Chronic Pain
 - 2) Neuropathic Pain
 - 3) Migraine Headache

Current pain management solutions often come with **adverse effects** that exacerbate the problem

SRP-001 is an NCE non-opioid analgesic that targets the brain's pain signaling pathways

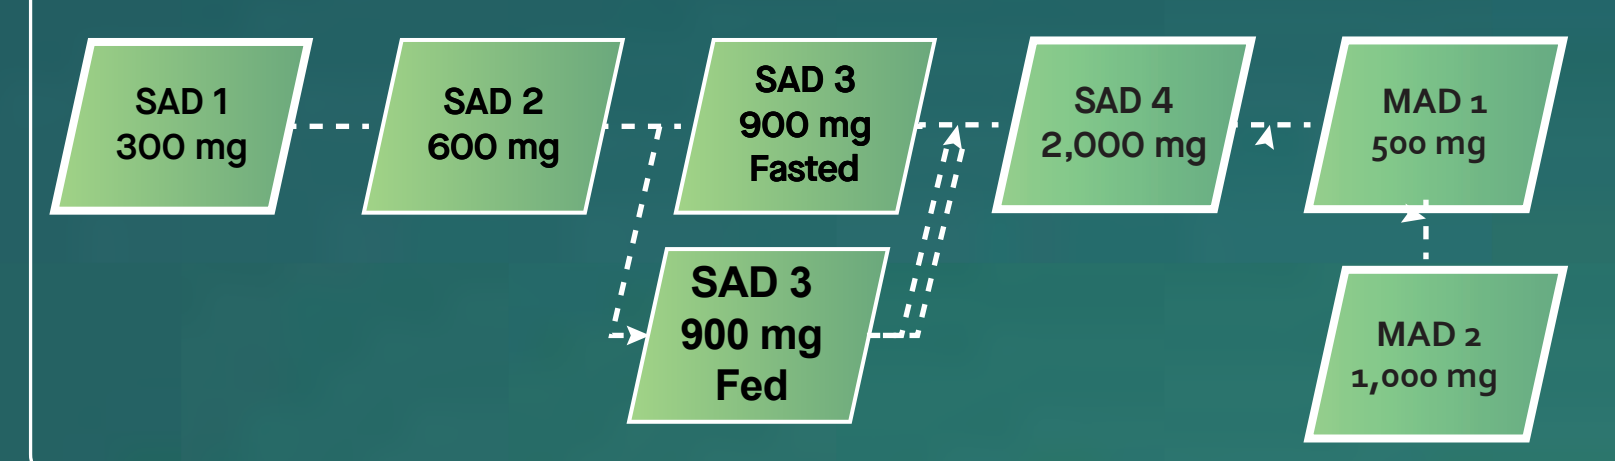

SRP-001 produces more pain-relieving AM404 than paracetamol

Advantages

- No abuse potential
- Avoids liver-damaging metabolites
- Lacks kidney & GI damage (NSAIDs)

Phase 1 Clinical Trial

No SAEs, Excellent PK & T_{1/2} Observed

SRP-001 can relieve pain without harmful side effects
